Sage Readings For Introductory Sociology By Kimberly Mcgann

Sociology/Sociological Theory in the Contemporary Era

Sociology

Featuring a new emphasis on how to be awake in the world and how to better see the patterns we use to make sense of our own lives, this fifth edition of Jodi O'Brien's popular book introduces the major theories, concepts, and perspectives of contemporary social psychology in a uniquely engaging manner. Compelling, original essays that introduce relevant concepts are followed by a wide-ranging, eclectic, enjoyable set of readings. By grounding social psychology in student experiences and explaining theories through stories and narratives, this one-of-a-kind book is a fascinating read that helps students understand the forces that shape their feelings, thoughts, and actions.

Sociological Theory in the Contemporary Era

Brings the subject matter of sociology to life for students. Linking theory and practice, this textbook explores how sociological knowledge is used in the community to fight for social change and justice.

The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. What key social forces construct and transform our lives as individuals and as members of society? How does our social world shape us? How do we shape our world? Discover Sociology presents sociology as a discipline of curious minds. The authors inspire curiosity about the social world and empower students by providing the theoretical, conceptual, and empirical tools they need to understand, analyze, and even change the world in which they live. Organized around four main themes: The Sociological Imagination, Power and Inequality, Technological Transformations of Society, and Globalization the book illuminates the social roots of diverse phenomena and institutions, ranging from poverty and deviance to capitalism and the nuclear family. “Behind the Numbers” features illustrate the practical side of sociology and shows students how to be critical consumers of social science data reported in the media. And every chapter addresses the question, “What can I do with a sociology degree?” by linking the knowledge and skills acquired through studying sociology with specific jobs and career paths. Sociologists in Action

The Eighth edition of David Newman’s Sociology: Exploring the Architecture of Everyday Life once again invites students into the world of sociological thought. Sociology encourages students to think less about the next test and more about how the subject applies to their everyday lives. In addition to updated coverage and fresh examples, this edition features revamped Micro-Macro Connections that have been even further honed to help students understand the link between individual lives and the structure of society.

Essentials of Sociology

Co-authored by Karen A. Cerulo, the Eastern Sociological Society's Robin L. Williams Lecturer for 2013-2014 Do birds of a feather flock together or do opposites attract? Is honesty the best policy? Are children our most precious commodity? Is education the great equalizer? Adages like these shape our social life. This Sixth Edition of Second Thoughts reviews several popular beliefs and notes how these conventional wisdoms cannot be taken at face value, but instead require careful second thoughts. This unique text encourages students to step back and sharpen their analytic focus with 25 essays that use social research to expose the gray areas of commonly held beliefs, revealing the complexity of social reality and sharpening students' sociological vision.

This bundle includes Ritzer: Essentials of Sociology, 2e and McGann: SAGE Readings for Introductory Sociology.

Sociologists in Action on Inequalities

Essentials of Sociology, adapted from George Ritzer's Introduction to Sociology, provides the same rock-solid foundation from one of sociology's best-known thinkers in a shorter and more streamlined format. With new co-author Wendy Wiedenhoft Murphy, the Third Edition continues to illuminate traditional sociological concepts and theories and focuses on some of the most compelling features of contemporary social life: globalization, consumer culture, the internet, and the McDonaldization of society. New to this Edition New "Trending" boxes focus on influential books by sociologists that have become part of the public conversation about important issues. Replacing "Public Sociology" boxes, this feature demonstrates the diversity of sociology's practitioners, methods, and subject matter, featuring such authors as Michelle Alexander (The New Jim Crow) Elizabeth Armstrong and Laura Hamilton (Paying for the Party) Matthew Desmond (Evicted) Arlie Hochschild (Strangers in Their Own Land) Eric Klinenberg (Going Solo) C.J. Pascoe (Dude, You're a Fag) Lori Peeck and Alice Fothergill (Children of Katrina) Allison Pugh (The Tumblrweed Society) Updated examples in the text and "Digital Living" boxes keep pace with changes in digital technology and online practices, including Uber, Bitcoin, net neutrality, digital privacy, Wikileaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election Brexit the global growth of ISIS climate change further segmentation of wealthy Americans as the "super rich" transgender people in the U.S. armed forces charter schools the legalization of marijuana the Flint water crisis fourth-wave feminism

Bundle: Newman: Sociology 5e + McGann: SAGE Readings for Introductory Sociology

This bundle includes Ritzer: Introduction to Sociology, 3e and McGann: SAGE Readings for Introductory Sociology.

Ways of Social Change

SAGE Readings for Introductory Sociology

Sociological Theory in the Contemporary Era, Second Edition, combines well-edited, important original writings from sociology's core contemporary theorists with introductory text that provides a historical and theoretical framework for understanding them. Authors Scott Appelrouth and Laura Desfor Edles use this unique text/reader approach to introduce students to contemporary sociological theory in a lively and engaging fashion. The text/reader provides not only a biographical and theoretical summary of each theorist's works but also an overarching scaffolding that students can use to examine, compare, and contrast each theorist's major themes and concepts. The book also offers discussions of past social and intellectual milieus to provide a holistic picture of the development of the theories discussed.

Mapping the Social Landscape

Drawing from a wide selection of classic and contemporary works, this best-selling reader includes 56 readings that represent a plurality of voices and views within sociology.

Second Thoughts

This Fourth Edition of George Ritzer's Introduction to Sociology shows students the relevance of sociology to their lives. While providing a rock-solid foundation, Ritzer illuminates traditional sociological concepts and theories, as well as some of the most compelling contemporary social phenomena: globalization, consumer culture, the digital world, and the McDonaldization of society. With examples on every page from current events and contemporary research, and stories about public sociologists who are engaging with the critical issues of today, the text demonstrates the power of sociology to explain the world, and the diversity of questions that sociologists seek to answer. New to this Edition New "Trending" boxes focus on influential books written by sociologists that have become part of the public conversation about important issues. Replacing "Public Sociology" boxes, these boxes demonstrate the diversity of sociology's practitioners, methods, and subject matter, and feature such authors as: Michelle Alexander (The New Jim Crow) Elizabeth Armstrong and Laura Hamilton (Paying for the Party) Randol Contreras (The Stick-Up Kids) Matthew Desmond (Evicted) Kimberly Hoang (Dealing in Desire) Arlie Hochschild (Strangers in Their Own Land) Eric Klinenberg (Going Solo) C.J. Pascoe (Dude, You're a Fag) Lori Peeck and Alice Fothergill (Children of Katrina) Allison Pugh (The Tumblrweed Society) Updated examples in the text and "Digital Living" boxes keep pace with changes in digital technology and online
practices, including Uber, bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election Brexit the global growth of ISIS climate change President Trump’s proposed Mexican border wall further segmentation of wealthy Americans in the "super rich" transgender people in the U.S. armed forces charter schools the legalization of marijuana the Flint water crisis fourth-wave feminism

Food Justice Now!

This brief anthology for introductory sociology is a collection of 24 classic statements and contemporary favorites that illustrate key concepts in sociology, relate to the everyday lives of students, and spark good classroom discussions. The Second Edition places more emphasis on a diverse range of social experiences, and several of the new selections are from sociologists whose work has attracted widespread media attention. New to this Edition: There are more readings in this edition on the experiences of minorities, including LGBTQ Americans, Hispanics, Asians, and African Americans. The book now reflects a more diverse authorship as well, with an even split between male and female scholars and almost one-third of the readings written by nonwhite authors. The introduction has been updated to incorporate the results of 2016 election and to make the case for sociology as a discipline ideally suited for navigating the social and political changes in contemporary American society, as well as individual students' day-to-day challenges. Several new readings are from sociologists who have been in the national spotlight for their contributions to major public debates: Tressie McMillan Cottom; Lisa Wade; Matthew Desmond (Pulitzer Prize winner); Elizabeth Armstrong and Laura Hamilton.

Contemporary Readings in Sociology

A rallying cry to link the food justice movement to broader social justice debates The United States is a nation of foodies and food activists, many of them progressives, and yet their overwhelming concern for what they consume often hinders their engagement with social justice more broadly. Food Justice Now! charts a path from food activism to social justice activism that integrates the two. It calls on the food-focused to broaden and deepen their commitment to the struggle against structural inequalities both within and beyond the food system. In an engrossing, historically grounded, and ethnographically rich narrative, Joshua Sbicca argues that food justice is more than just a myopic focus on food, allowing scholars and activists alike to investigate the causes behind inequalities and evaluate and implement political strategies to overcome them. Focusing on carceral, labor, and immigration crises, Sbicca tells the stories of three California-based food movement organizations, showing that when activists use food to confront neoliberal capitalism and institutional racism, they can creatively expand how to practice and achieve food justice. Sbicca sets his central argument in opposition to apolitical and individual solutions, discussing national food movement campaigns and the need for economically and racially just food policies/a matter of vital public concern with deep implications for building collective power across a diversity of interests.

Bundle: Ritzer: Essentials of Sociology, 2e + McGann: Sage Readings for Introductory Sociology

Bundle: Newman: Sociology, 10e + McGann: Sage Readings for Introductory Sociology

Sociology + Sage Readings for Introductory Sociology, 2nd Ed.

This fully updated edition of The Engaged Sociologist by Kathleen Odell Korgen carries the public sociology movement into the classroom, while at the same time providing an engaging overview of the entire field. It demonstrates how to think sociologically, to develop a sociological eye, and to use sociological tools to become effective participants in a democratic society. Perfect as a supplement for an introductory course, or as a main text for any course that has public sociology at its roots, this inspiring book will serve as a guidebook to any student who is passionate about applying sociological concepts to the world around them.

Our Social World + Sage Readings for Introductory Sociology

Sociological Snapshots 5 is designed to help students understand and appreciate the sociological perspective. In a simple and entertaining style, this book links everyday experiences to foundational concepts and concerns and helps them analyse data about social reality. The book serves as a springboard to more abstract thinking about society and will encourage student interest in learning more about the field of sociology through the use of short, informal essays.

Sociological Odyssey

SAGE Readings for Introductory Sociology

The Production of Reality

This brief anthology for introductory sociology is a collection of 24 short readings that illustrate key concepts in sociology, relate to the everyday lives of students, and spark good classroom discussions. The selections represent four theoretical traditions in sociology (functionalism, symbolic interaction, conflict theory, feminism) and show the range and diversity of sociology and the people who practice it.
The book is designed for instructors who want to expose students to some original scholarship in their first sociology course, but who do not want to adopt a comprehensive reader along with the core text they are using.

Bundle: Ritzer: Introduction to Sociology, 3e + McGann: Sage Readings for Introductory Sociology

SAGE Readings for Introductory Sociology

Imagining Society

Discover Sociology + Sage Readings for Introductory Sociology

"Ways of Social Change is very readable and has great discussion questions and suggested activities. It is one of the few books where I have had students volunteer praise for the book!" - Connie Robinson, Central Washington University The world is at our fingertips, but understanding what is going on has never been more daunting. Ways of Social Change is a primer for making sense of both rapidly moving events and the cultural and structural forces on which social life is built, while teaching critical thinking skills needed to understand social change. With an approach that is fresh, timely, challenging, and engaging, Ways of Social Change shows students how social change is both a lived experience and the result of our actions in the world. It invites the reader into the realm of social science, where clarification, understanding, and inquiry provide for both informed opinions and a path to effective involvement. The core of the book focuses on five forces that powerfully influence the direction, scope and speed of social change: science and technology, social movements, war and revolution, large corporations, and the state. A concluding chapter encourages students to examine their own perspectives and offers ways to engage in social change, now and in their lifetime.

Mapping the Social Landscape

This comprehensive reader in the sociology of education examines important topics and exposes students to examples of sociological research on schools. Drawing from classic and contemporary scholarship, the editors have chosen readings that examine current issues and reflect diverse theoretical approaches to studying the effects of schooling on individuals and society.

Sociological Footprints

SOCIOLOGICAL ODYSSEY: CONTEMPORARY READINGS IN INTRODUCTORY SOCIOLOGY, Fourth Edition, helps bring sociology to life through a wide range of engaging, current articles, covering issues such as Internet dating, the black middle class, homosexuality, the straight edge movement, welfare recipients, and children’s clique behavior.

Introduction to Sociology 2e

SAGE Readings for Introductory Sociology is a concise, affordable anthology that contains 22 popular sociology statements designed to introduce readers to the sociological perspective. Kimberly McGann puts together readings that cover core topics in sociology, including culture, socialization, interaction, deviance, gender, class, and race. An alternate, topical table of contents suggests ways to match readings to other subfields in sociology (like family, education, work, and religion), and identifies readings that reflect four theoretical traditions: functionalism, symbolic interactionism, conflict theory, and feminism.

Understanding the Media

This reader was developed to be used in numerous courses taught in sociology. It is appropriate for an introductory course, as well as a social problems or special topics course. The readings have been selected from numerous well respected sociology journals and they have been edited to make them more "user friendly" for the undergraduate student. This reader allows undergraduate students to read about the major topics in sociology in the words of the original authors. The reader includes a topic guide to help the instructor better integrate the material into their course and well-crafted section openers place each article in context for the student. This series of readings has been vetted by an Advisory Board of sociology instructors to ensure quality.

ESSENTIALS OF SOCIOLOGY + SAGE READINGS FOR INTRODUCTORY SOCIOLOGY, 2E.

Mapping The Social Landscape is one of the most established and widely-used readers for Introductory Sociology. The organization follows that of a typical introductory sociology course and provides coverage of key concepts including culture, socialization, deviation, social structure, social inequality, social institutions, and social change. Susan J. Ferguson selects, edits, and introduces 58 readings representing a plurality of voices and views within sociology. The selections include classic statements from great thinkers like C. Wright Mills, Karl Marx, and Max Weber, as well as the works of contemporary scholars who address current social issues. Throughout this collection, there are many opportunities to discuss individual, interactional, and structural levels of society; the roles of race, ethnicity, class, gender, and sexuality in shaping social life; and the intersection of statuses and identities.

Discover Sociology

Thirty Readings in Introductory Sociology, Second Edition, introduces students to the field of sociology in an engaging, accessible manner. Designed to be used alone or with its companion, Ten Lessons in Introductory Sociology, the book is organized around four themes commonly examined in introductory courses: Why sociology? What unites society? What divides society? and How do societies change? Rather than provide encyclopedic responses to such questions, Thirty Readings in Introductory Sociology engages students in critical thinking while presenting key concepts and methods in sociology. Edited by Kenneth A. Gould and Tammy L. Lewis, the text raises sociological questions, applies a sociological lens, illustrates how data are used, and presents core topics in a way that is easy for students to grasp. Each section begins with an introduction by Gould and Lewis, followed by three readings: one classical, one that uses qualitative data, and a third that uses...
quantitative data.

Discover Sociology + Sage Readings for Introductory Sociology

Wake up your introductory sociology classes! Sociology in Action helps your students learn sociology by doing sociology. Sociology in Action by Kathleen Odell Korgen and Maxine P. Atkinson will inspire your students to do sociology through real-world activities designed to increase learning, retention, and engagement with course material. Packed with new activities and thought-provoking questions to help explain key concepts, the Second Edition of this innovative bestselling text immerses students in an active learning experience that emphasizes hands-on work, application, and learning by example. Each chapter has been updated to reflect recent societal changes including: the causes for and ramifications of the 2016 election; the latest issues facing the LGBT community, people of color, immigrants and refugees, and the shrinking middle class; and student loan debt. The comprehensive Activity Guide that accompanies the text provides everything you need to assign, carry out, and assess the activities that will best engage your students, fit the format of your course, and meet your course goals. Bundle: Ritzer: Essentials of Sociology + McGann: Sage Readings for Introductory Sociology

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

Sociological Snapshots 5

Thirty Readings in Introductory Sociology

This anthology provides vivid examples of how sociology can be put to good use in today's world. Every reading focuses on public issues concerning race, class, gender, ethnicity, nationality, and sexuality. Each chapter includes stories from practicing sociologists that help students better understand how their sociology studies can be applied and provides answers to the question, "but what can I do with a sociology degree?" Discussion questions and suggested additional readings and resources at the end of each chapter give students the opportunity to delve further into the topics covered and carry out full and nuanced discussions, grounded in the "real world" work of public sociologists.

The Structure of Schooling

"This is a lucid and lively introduction to key concepts and developments in media and media studies. The new edition, with updated case studies and a good range of online reading, is a valuable resource for both students and lecturers." - Chindu Sreedharan, Bournemouth University "Has expanded the possibilities of what a textbook can be. Incisive questions framed through accessible and detailed examples provide a platform for a wealth of different activities that engage readers in the critical study of media." - Dr Daniel Ashton, Bath Spa University "Accessibly written and very well-structured, the book will be one of those you go back to time and time again throughout your studies. In addition it also offers that much-needed, little-found extra in a textbook: critical engagement with media and society. A joy for those of us teaching the subject." - Joke Hermes, University of Amsterdam How much of our media experience is shaped by the profit motive of media conglomerates? How much freedom and power do we have as members of an increasingly fragmented media audience? How do the media influence what we understand about friendship, globalization and even our own selves? This book teaches students how to ask critical questions of the media, and gives them the analytical tools to answer those questions. By gaining a rich understanding of how the media play a role in society, both in giving pleasures and creating power relationships, students are encouraged to become critical thinkers. Understanding the Media: Teaches the theoretical foundations and key concepts students need to get started on their own media studies Brings concepts to life with examples and case studies on everything from Harry Potter and Big Brother to the Occupy movement Shows the "how to" with guided exercises and improves essay writing with a guide to the research literature Helps students take learning further with guided free online readings This is an essential guide to the how and why of understanding the media, perfect for students in media studies, sociology, cultural studies and communication studies. Companion Website now available! Visit www.sagepub.co.uk/devereux3e for a range of student and lecturer resources.
